Grandparent's Day at Frederic Place Old Aged Home

by Sphiwe Zikalala

Day this year and hope to be invited again!

On the 27th of October, our learners were invited to Frederic Place Old Age Home to celebrate their first annual Grandparents Day. The grandparents were treated to some wonderful dance routines by our learners who not only benefit academically at the campus but also do recreational activities like dancing on days they don't attend class.

Frederic Place was founded in 1978 as a project of the Society of St. Vincent de Paul, to provide a haven for destitute older persons of all backgrounds. It is located at number 28 Riversdale Street, Coronationville.

The learners had an amazing time and learned a lot about grandparents and the importance of appreciating them. We would like to thank the team at Frederic Place Old Age Home for allowing us to be part of their Grandparents

Nat Geo “Umsuka” Cradle Ambassadors Retreat

by Lindsay Hunter

The National Geographic “Umsuka” Public Palaeoanthropology Project (Nat Geo “Umsuka”), a program of the African Digital Education Trust (ADET), presented its second Cradle Ambassadors Retreat from 30 October – 1 November 2017. The three-day residential course took place at Maropeng the official visitors’ centre of the Cradle of Humankind World Heritage Site (COH WHS)’s Hominin House educational facilities with 17 client-facing hospitality employees from 9 establishments around the Cradle. The course was led by Nat Geo “Umsuka” Program Manager/ Facilitator (and 2013 Rising Star Expedition “Underground Astronaut” as well as 2014 NRF

Science Team Award recipient) Lindsay Hunter and cave geologist (and 2017 Wits Science Slam winner) Silindokuhle Mavuso. Together with guest speakers from the COH WHS Management Authority and the Westbury Youth Centre (WYC) they introduced participants to the history, science, and importance of the COH WHS, as well as to personal development skills during two days of classroom learning and activities. This was followed by a full day of Cradle touring, including the world famous hominin sites of Malapa (of *Australopithecus sediba* fame) and Gladysvale, and Sterkfontein Caves (where the famous “Mrs Ples” and “Little Foot” were recovered).
