**To Whom It May Concern**

The above mentioned school has had the opportunity of working with ADET in 2016 and 2017. ADET offers a range of affordable, quality educational courses.

Our teachers are satisfied with the programmes offered and it has tremendously improved their teaching skills in the classroom. We would highly recommend ADET to any person, school or company that want to upgrade, up skill and improve their qualifications.

Thank you so much for quality service rendered.

Yours in Education

Mr. O. Roskin (Deputy Principal)
